in the past few days when the man-cial situation was under consideration. Secy. Cortelyou says that the Panama bonds will afford substantial relief as the law provides that they may be used as a basis for additional na-tional bank circulation. He also states that the proceeds from the sale of cer-tificates can be made directly available at points where the head is most ur-gent, and especially for the movement of crops, which he says, "if properly accelerated will give the greatest relief and result in the most immediate man-cial returns."

and result in the most immediate manuscial returns."

The secretary calls attention to the attractiveness of the bonds and certificates as absolutely sate lavestments. Secy. Cortelyon adds that these relief measures will enable him to meet public expenditures without withdrawing for that purpose any appreciable amount of the public moneys now deposited in national banks throughout the country. Two treasury circulars, one inviting proposals for the issue of bonds and the other asking for the certificates, will be sent out under date of

Nov. 18.

In his letter to Secy. Cortelyou approving the treasury plans, President Roosevelt states that he has been assured that the leaders in Congress have under consideration a currency measure "which will meet in permanent fashion the needs of the situation and which I believe will be passed at an early date after Congress convenes,

early date after Congress convenes, two weeks hence."

The president also calls attention to what is needed most at this time is that the people should "realize how fundamentally sound business conditions in this country are, and how absurd it is to permit themselves to 25c into a panic and create a stringency by hearding their savings instead of trusting perfectly sound banks."

PRESIDENT TO CORTELYOU.

The president's letter to Secy Cortelyou follows;

"The White, Washington, Nov. 17, 1997.
"My Dear Mr. Corteiyou—I have considered your proposal. I approve the issue of the fifty millions of Panama bonds which will be immediately available as the basis for additional currency. I also approve the issue of currency. I also approve the issue of \$100,000,000 or so much as you may find necessary of \$50, 3 per cent interest bearing government notes, the proceeds of the sale of which can be at one deposited by you get the bear the proceeds of the sale of which can be at once deposited by you where the greatest need exists, and especially in the west and south, where the crops have to be moved. I have assurance that the leaders of Congress are considering a currency bill which will meet in permanent fashion the needs of the situation, and which I believe will be passed at an early date after Congress convenes, two weeks hence.

BUSINESS CONDITIONS SOUND.

"What is most needed just now is that our citizens should realize how fundamentally sound business canditions in this country are, and how absard it is to permit themselves to get into a panic and create a stringency by hoarding their savings instead of trusting perfectly sound banks. There is no particle of risk involved in letting business take its natural course and the people can help themselves and the country most by patting back into active circulation the money they are hoarding. The banks and trust companies are solvent. There is more currency in the country today than there was a month ago, when the supply was ample. Since then \$55,000.600 in gold has been imported and the government has deposited already \$60.000.000. These are facts; and I appeal to the public to co-operate with us in restoring normal business conditions. The government will see that the people do not suffer if only the people themselves will act in a normal way. Crops are good and business conditions are sound, and we should put the money we have into circulation at once to meet the needs of our abounding prosperity. our abounding prosperity.

NO ANALOGY WITH '93.

There is no analogy at all with the way things were in 1893. On Nov. 30 of that year there was in the treasury but \$181,000,000 in gold. On Noy. 14 of this year there was in the treasury \$304,000,000 gold. Ten years ago the circulation per capita was \$23.23. It is now \$33.23. The steps that you now take, the ability of the government to back them up and the fact that not a particle of risk is involved therein, give the fullest guarantees of the sound condition of our treasury. All that our people need to do now is to go ahead with their normal business in a normal fashion and the whole difficulty disappears; and this end will be achieved if each man will act as he normally does act, and as the real conditions of the court

banks in every state and territory in the Union, thus placing it where it can serve the needs of the people so far as possible under existing laws.

"The secretary of the treasury, with the approval of the president, has announced an issue of Panama bonds to the extent of \$50,600,000.

"He has also, with the approval of the president, availed himself of certain provisions of the law applying to the transaction of the treasury in times of emergency. These provisions are contained in section 32 of the act of June 13, 1898, authorizing the issuance of interest bearing certificates of indebtedness to run for one year. Certificates bearing 3 per cent interest will be issued to the extent, if necessary, of \$100,000,000.

the act of Dec. 21, 1905. Both acts are quoted below:

"The bonds will bear interest at the rate of 2 per cont per annum; will be dated August 1, 1906, and the interest will be paid quarterly on the first days of November, February. May and August 1. They will be issued in denominations of \$20, \$100 and \$100 of coupon bonds, and of \$20, \$100 and \$100 of coupon of registered bonds. They will be redeemable in United States gold coln at the pleasure of the United States, after 10 years from the date of their issue, and will be payable 30 years from such date. They will be exempt from all taxes or duties of the United States as well as from taxation in any other form by or under state, nunleipal or local authority. They will be available to national banks as security for elevablating notes based upon the same terms as the 2 per cent consols of 1930, to wit: The send-annual tax upon circulating notes based upon the said bonds as security will be one-fourth of 1 per centum. They will be receivable, like all other United States bonds, as security for public deposits in national banks.

WHAT LAW PROVIDES. "The law forbids their sale at less than par and provides that all citi-zens of the United States shall have equal opportunity to subscribe there-

gens of the United States shan have squal opportunity to subscribe therefor.

"In pursuance of the above announcement, the secretary invites bids for the bonds heretofore described, which must be submitted to this department on or hefore the 30th of November, 1967. Each bid should state the amount of bonds desired by the subscriber, whether coupon or registered—the price he is willing to pay and the place where he desires to make payment—whether at the treasury of the United States, or at the office of some one of the assistant treasurers at New York, Baltimore, Philadelphia, Boston, Chicago, St. Louis, Cincilmati, New Orleans, or San Francisco. All hids should be addressed to the secretary of the treasury, division of loans and currency, and the envelopes inclosing them should be plainly marked. "Upon receipt and classification of the bids hereby invited, the successful bidders will be advised of the acceptance of their bonds, and they will be instructed as to the date upon which payment is desired to be made at the treasury department of some sub-treasury of the United States.

"In considering bids, the bidders offering the highest prices will receive the first allotment. Of two or more bidders offering the same price, those asking for the smaller amounts of bonds will receive priority in allotment. The department reserves the right to permit bidders offering the amount of their purchases.

#### FIRE IN CLEARY CITY.

Business District Destroyed With Loss Of Quarter of a Million.

Seattle. Nov. 17.—A special to the Postbitelligencer from Fairbanks says:
The heart of the business district of
Cleary City was destroyed by fire last
niitht at 1:20. The only buildings standing are the Grand hotel, the Arcile
Brotherhood hall, E. H. Miller & Co., and
Skookum Johnson's.
A gale of wind was blowing, which
spread the fire rapidly.
The heaviest losers are the Parsons

#### WASHINGTON HAS NEW UNION RAILWAY DEPOT.

Washington, Nov. 17.—A complete transformation in the railroad terminal facilities at Washington was effected today, today, when the old Baltimore and Potomac (Fennsylvania) railroad station was abandoned, and every railroad entering Washington shifted its trains to the new Union station.

The new station, which is one of the largest and handsomest in the wolrd, with its lofty arched entrance, its massive concourse, its immense train shed and great trackage system, was formally opened several weeks ago, when the Baltimore and Oblo railroad bogan its use. In the later sixties the Baltimore and Potomax (now a part of the Pennsylvania system) established a station in southeast Washington, later changing the location to an unimproved public park at Sixth and B streets, northwest, half a block south of Pennsylvania avenue. This is the building abandoned today. There it was that President Garfield was shot is issi, and the starred stone that marked the spot where he fell in the waiting room was recently appropriated by a vandal.

#### GOOD BOOKS FOR THE HOLIDAYS.

The work of preparing high class books that will suit the tastes of young and old for the coming holidays is now going on at the Deseret News Book store

Several years of experience have demonstrated to the satisfaction of the management that the demand for the best literature at Christmas time is steadily growing. To meet this demand, one that ought to be encouraged in all ways, the Book Store has decided to devote the space hitherto used for toys and holiday bric a brac entirely to books, Books, therefore of the best grade, will form the big feature of the Descret News establishment during holiday time.

Shipments have already begun to arrive, and arrangements have been made with such standard publishing houses as Harper Brothers, McMillan & Co. Dodd Mead & Co., Scribner's, Little & Brown, and many others for their standard works. Even though it is a little early yet, people who want to select books for their friends can have them set aside and earefully held until near the holiday dutes.

In the meantime the public is invited to inspect the large, rare and beautiful stock of standard literature which the establishment has received and is daily receiving for the holiday trade. 

#### OGDEN HIGH DEFEATS ALL HALLOWS TEAM.

The high school football champlenship of Utah properly belongs to the Ogden eleven which defeated All Hallows Saturday afternoon by the decisive score of 33 to 0, on Cummings field. The Ogden team has not lost a game in the high school series and there is one more game with the Sait Lake high to be played. Ogden has the title now.

The game Saturday afternoon was onesided. The colegians did not have a chance to win at any time. Ogden's goal was never in the least danger. The visitors outplayed the locals in every department of the game and won with ease. They could have made the score greater but were apparently satisfied with 33 to a goose egg.

The Ogden team was heavier, speedler and more experienced than the All Hallows eleven. Their team work was all that could be desired and nearly every play was pulled off with speed and accuracy. Their interference was perfect and line bucks and end runs proved successful throughout the game. Ogden was held for downs but a few times. Both teams played straight football and All Hallows put up a game struggle against overwhelming odds.

Fitzmaurice for All Hallows demonstrated that he has no superiors in the high school class. He was ensity the star of the game. Tavey and Murphy proved to be the best players on the Oxden team.

#### MORRIS WINS SKATING RACE.

Clifford Morris of Ogden won the six day roller skating race held last week at the Ogden Auditorium rink, Saturday evening before a crowd of nearly 2,000 spectators. The race was a close one. Morris had a lead of not more than six feet over Norman Matthews of Minneapolis. Carl Helman of Butte finished third, James Bowen and Charles Schoffeld of Salt Lake, fourth and fifth in the order. The winners covered 30 miles and two laps in the big race. Manager O'Mara is making arrangements for a six-day race at the Richards street rink.
